Page 122 Page 124 1 MICHAEL WALLER 1 MICHAEL WALLER 2 These are my handwritten notes, 2 underlined follow-up 1/25. 3 the first page was from the first time we met This is notes from a meeting 4 Guo when I did not use a notebook, most if not 4 with team leader one, Team 1 leader and about a 5 all of the remainder were from my notebooks. 5 little below, halfway down the capital letter 6 Just meaning page 1 was sort of 6 says security flaws. 7 a looseleaf? 7 So we were told Guo and Yvette 8 Yes, it was the back of a page 8 Wang both said these slides were extremely A 9 of something else. 9 secret, never to reveal anything. Okay, and then the rest of 10 Team 1 found the exact slide of 10 Q 11 Exhibit 106 is a bound notebook? 11 number one already online on something that 12 Α Yes, I believe they were from 12 Guo's network of people had already posted in 13 two notebooks. 13 public. 14 No, this is just one. 14 So just when you say the exact 0 15 What is your note taking 15 slide of number 1, you are referring to one 0 16 practice, generally speaking? 16 page in a hard copy document that Eastern 17 17 Profit provided to Strategic Vision? In some meetings I don't take 18 notes at all, because people won't be as open 18 In a -- one page in an 19 or they don't want them taken, or you just want 19 electronic document that Eastern Profit 20 to keep things confidential. 20 provided to Strategic Vision. 21 In these types of meetings I 21 0 Okay. 22 take notes which is a combination of what's 22 Α Okay, that was slide number one. 23 being said, what -- so it's not quite minutes, 23 "Information on number 2 on the 24 but it's virtually minutes of the meeting, to 24 confidential slide was found on the same 25 memorialize what was said at the meeting. 25 website as they found information on number 1.' Page 123 Page 125 1 MICHAEL WALLER 1 MICHAEL WALLER It also has brainstorming in 2 So there was a breach somewhere 3 there and then own ideas that I develop or 3 there. 4 notes that I make to myself about later 4 And then it says "Team," meaning 5 follow-up. 5 Team 1, "knows that others are doing searches." So it's -- you won't see a 6 This was searches on the exact same people at 6 7 consistent method to all the notes. 7 the exact same time. So I think you referred a moment He said, "Big risk of getting 9 ago to notes that you took when you're meeting 9 caught," which means the team felt that even 10 with Team 1, is that correct? 10 though they had taken all the measures they 11 The Team 1 leader.
